1. EXTEND EWSS TO JUNE 2022

Retaining our valuable and highly skilled core staff will only be possible if EWSS is extended to June 30th 2022 when international tourism is anticipated to return in sustainable volumes.

This will strengthen the pace of recovery and maintain the high quality of service and experiences we deliver.

This is our number one priority as we face into the off-peak months.

Wells House, Co. Wexford

Dalkey Castle, Co Dublin

2. DOUBLE BUDGETS FOR TOURISM IRELAND & FÁILTE IRELAND

Recovery of international tourism in 2022 is vital. Increased investment in international marketing is essential to retain and grow market share, develop new market segments, and maintain Ireland's position as a unique and attractive destination

Domestically, tourism businesses need continued support for business continuity, capital projects, product development, and maintenance of highest standards to ensure a vibrant and quality experience.

3. STRATEGIC INVESTMENT IN TOURISM CAREERS

100,000 jobs have been lost in the tourism and hospitality sectors since March 2019.

A long-term strategy to support education pathways, career development, recruitment, and retention are essential to ensure Ireland's tourism recovery has our valued asset – our people – at its core.

Medieval Mile Museum, Co Kilkenny

4. VAT AT 9% UNTIL 2025

The 9% VAT rate on tourism services is due to expire on 1st September 2022.

Extension of the VAT rate until tourism volumes recover (anticipated 2025) will enable competitive pricing and destination attractiveness.

Ireland's VAT rate of 13.5% is an outlier in the EU, making us comparatively a more expensive destination for tourists.

5. RESTORE INTERNATIONAL CONNECTIVITY

75% of Irish tourism revenues come from overseas visitors. Some of our members are reliant up to 90% on international guests.

The restoration of access routes to our key markets is the top enabler for the return of valuable international visitors – individuals, tour groups, business travellers, and others – who are essential to our survival.

**THANK YOU FOR CONSIDERING OUR 5 KEY ASKS.
YOUR SUPPORT FOR OUR INDUSTRY IS CRITICAL.**
